HANDY HINTS for KNITTERS

HOW TO BUY YARN

When purchasing yarn, be careful to buy all you will require at one time. Check also that all your skeins have the same dye-lot number, since the color may vary slightly with each dye lot.

HOW TO CHECK GAUGE

The most important point when following knitting directions is to check your gauge before you begin. Knit a small piece, 4 inches square, in the stitch you plan to use. If you obtain *more* stitches per inch than required, use a *larger* needle; if you obtain *less* stitches, use a *smaller* needle.

HOW TO SEW SEAMS

After blocking, hold right sides of Back and Front toward you. Using same yarn as garment, insert needle from wrong side through the top stitch of Front and bring it through to right side. Then insert needle from right side through the top stitch of Back and bring it out at bottom of same stitch on right side. Insert needle from right side through the top of next stitch on Front and bring it out at bottom of same stitch on right side. Insert needle from right side through the next stitch of Back and bring it out at bottom of same stitch on right side. Sew all seams in this manner.

HOW TO WASH GARMENTS

Do not wash woolens or wool blends in a washing machine; never boil them or use hot water; always use lukewarm water and mild soap or soapflakes. Gently squeeze garment in suds but do not wring or twist. Lift garment from suds, supporting it so that it does not stretch, then rinse several times in clear cool water. Wrap garment in a towel to remove excess moisture, then spread out in correct size on a thick dry towel (never hang up a woolen garment to dry).

HOW TO BLOCK GARMENTS

Using rust-proof pins, pin pieces of garment, with wrong side up, out to the exact measurements given in directions. When two pieces, such as sleeves or fronts, are the same size, place them together, right sides facing, then pin out on board. Press *lightly* through a damp cloth, then leave until completely dry before removing pins.

PLACING A MARKER ON NEEDLE

If you cannot purchase Knitting Ring Markers, a marker may be made as follows: With different colored yarn, make a fairly tight knot around the needle wherever specified in the directions, leaving ends of about 2 inches. Slip marker from one needle to the other as the work progresses.
